

COMPANY PROFILE

JOVAL ENTERPRISES is a well reputed company in the field of water and waste water management based in Chennai and having its offices at kerala.

Joval Enterprises is head by Mr. Bharathi a technocrat with over two decades of experience in the field of water and waste water Treatment.

Joval Enterprises has total capability in providing EPC (Engineering, Procurement and Construction) solutions to water and waste water management.

Joval Enterprises commitment to the environment, keeps us in the forefront of product innovation, purification and recycling technologies.

Joval Enterprises has a team of Engineer's who look into the design, engineering, procurement, execution and maintenance of water and waste water treatment equipments to fit the industries, builder and Govt sector.

We at Joval Enterprises maintain an intensive quality assurance programme through all, phases and manufacture of equipment supplies. We are totally committed to quality and excellence conforming to very high engineering standards.

Our Specialization includes Turnkey Projects (Design , Engineering, Supply, Erection, Commissioning, Operation and Maintenance for below systems and plants.

Sewage treatment plants

1. Membrane Bio- Reactor (MBR)
2. Moving Bed Bio Reactor (MBBR)
3. Extended Aeration using Aerators and Diffused Aeration

Water Treatment Plants

1. Pre and Post Filtration Systems
2. Water Softener
3. De-mineralising Plants
4. Reverse Osmosis Plants

Operation and Manintenance

1. Maintenance and overhauling of Equipments
2. Process Design
3. Energy Audit
4. Electrical Installation and Testing
5. Water Conservation
6. Water Testing

We are also an OEM for pollution control equipments like

- Screens-mechanically / hydraulically operated / Curved bar type
- Travelling grit extractors / Detritors with classifiers
- Clarifiers – central driven / Peripheral driven (upto 65m dia)
- Reactor clarifier (central driven / Peripheral driven)
- Thickener Mechanism (Central driven / Peripheral driven)
- Aerators – Fixed and Floating (1 HP to 150 HP)
- Flash Mixers / Agitators / Flocculators
- Pressure Vessels for Filters and Softeners

We cater wide range of technological solutions in the field of water and waste water to the following industrial sectors

- Commercial and tech park projects
- Food and Beverages industries
- Automobile industries
- Hotel and Hospitals
- Packaged Drinking Water
- Pharmaceutical industries
- Process industries
- Sugar industries

Joval Enterprises offers the following benefits to its valued customers:

- Single source water solutions
- Optimize water consumption
- Reduced lead time
- Cost effective solutions
- Space management advice
- Full automation - reduced manpower

Clientele

Our clients includes major corporate like **Thirumala Milk Products, Schnider Electricals, Aavin, IVRCL , Voltas Ltd, Alstom, India Infoline, ETA Techno Park,KG360, Tek tower, Tek Meadows, Brittonia, and Major Builders like India Bulls, suryaa facilities, Hiranandhini Parks(Hirco), J-Lin Construction, Vellammal School, Nandhini Builders etc.,**
